Volunteer Board Members Wanted!

Our mission at the North Simcoe Muskoka Hospice Palliative Care Network (NSMHPCN) is to support the provision of exceptional hospice palliative care and end-of-life care through partnerships, innovative programs and knowledge exchange. We envision a community where the experience of hospice palliative care and end-of-life care honours each individual and their choices. We believe that with our aging population, this work has never been more important than it is today.

We are currently recruiting new board members who are committed to improving the way palliative care is delivered in North Simcoe Muskoka. Our board focuses on staying current with trends in palliative care and health care in our region, the province and internationally.

Join our highly talented, diverse and dedicated Board of Directors with existing work experience in various sectors and disciplines. Potential members must demonstrate a passion for improving the quality and sustainability of palliative care, exercise skill and diligence in the best interest of NSMHPCN and abide by existing governance regulations for non-profit organizations.

The Board of Directors meets approximately 10 times per year and meetings are currently being held virtually. Most directors choose to participate in one Board Committee or Ad Hoc Working group. NSMHPCN welcomes applicants from diverse backgrounds, individuals with lived experience with the palliative care system and those with a financial background.

Interested candidates should apply by sending a letter of interest along with a current CV or other indication of the skills the candidate is providing to Whitney Vowels, Executive Director - whitney@nsmhpcn.ca.
